500 N. Meridian is a seven-story, 436,000 sq. ft. Class A office building located in the Central Business District in downtown Indianapolis. Since being built it had been the corporate headquarters for American States Insurance (ASI) until ASI was bought by Safeco Insurance.

"This is an incredible opportunity for tenants in the downtown office market to take advantage of 500 N. Meridian's large, efficient floor plates and all of its amenities. Now that space in this building is available to tenants, it will provide large office users with a superior option to remain or relocate downtown" according to Jeff Harris.

The property is managed by Anyl Management Company and has management staff on-site to insure all tenants receive prompt property management services.
